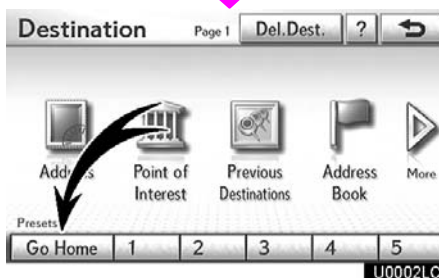
— Registering home

1 **Push the “MENU” button.**

2 **Select “Destination” and push the “ENTER” button.**


3 **Select “Go Home” and push the “ENTER” button.**

If home has not been registered, you can register it by selecting **“Go Home”**.

4 **Select “Yes” and push the “ENTER” button.**
5 **There are 4 different methods to search your home.**

See “Destination search” on page 66.

6 **Select “Enter” and push the “ENTER” button.**

The “Edit Home” screen is displayed.

7 **Select “OK” and push the “ENTER” button.**

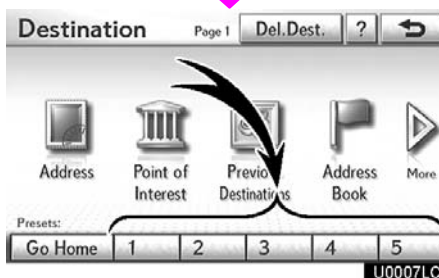
Registration of home is complete.

You can also register home by selecting **“Setup”**. (See “ (a) Registering home” on page 117.)

You can change the name, location, phone number and icon. (See “ (b) Editing home” on page 118.)

— Registering preset destinations

1 **Push the “MENU” button.**

2 **Select “Destination” and push the “ENTER” button.**


3 **Select one of the preset destination buttons and push the “ENTER” button.**

You can set a preset destination to any preset destination button that has not yet been set.

4 **Select “Yes” and push the “ENTER” button.**

5 **There are 4 different methods to search preset destinations.**

See “Destination search” on page 66.

6 **Select “Enter” and push the “ENTER” button.**

The “Edit Preset Destination” screen is displayed.

7 **Select “OK” and push the “ENTER” button.**

Registration of preset destinations is complete.

You can also register preset destinations by selecting **“Setup”**.
(See “ (a) Registering preset destinations” on page 120.)

You can change the name, location, phone number and icon. (See “ (b) Editing preset destinations” on page 121.)

The registered points can be used on the “Destination” screen. (See “ — Destination search by Preset destinations” on page 68.)

— Operation flow: guiding the route

1 **Push the "MENU" button.**

2 **Select "Destination" and push the "ENTER" button.**
3 **There are 10 different methods to search destinations.**

See "Destination search" on page 66.
4 **Select "Go to ⦿" and push the "ENTER" button.**

The navigation system performs a search for the route.

5	**Select "OK" and push the "ENTER" button, and start driving.**

Routes other than the one recommended can also be selected. (See "Starting route guidance" on page 86.)

6	**Guidance to the destination is given via voice and on the guidance screen.**

— Setting home as the destination

1 **Push the “MENU” button.**

2 **Select “Destination” and push the “ENTER” button.**
3 **Select “Go Home” and push the “ENTER” button.**

“Go Home” can be used if your home has been registered. (To register “Home”, see “ (a) Registering home” on page 117.)
4 **Select “Go to ◉” and push the “ENTER” button.**

The navigation system performs a search for the route.

5 **Select “OK” and push the “ENTER” button, and start driving.**

Routes other than the one recommended can also be selected. (See “Starting route guidance” on page 86.)

6 **Guidance to the destination is given via voice and on the guidance screen.**

Quick reference (“Start” screen)

To display the “Start” screen, push the **“MENU”** button on the Remote Touch.

1 Start Destination Info. Phone Setup Climate Audio 2 3 4 5 U0031LC
1 **“Destination”**

You can use one of 10 different methods to search your destination. 18, 65

2 **“Info./Phone”**

Select this button to operate the hands−free system and display fuel economy information, etc. 21, 135

3 **“Setup”**

Select this button to adjust settings of the navigation, audio and hands−free systems, etc. 20, 316

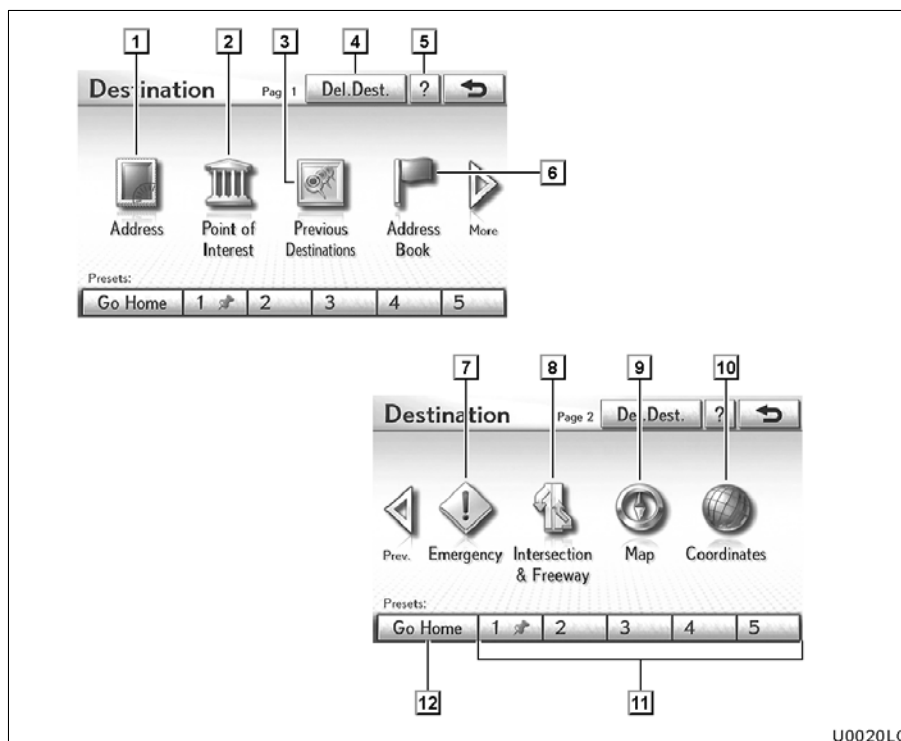
4 **“Climate”**

Select this button to operate the air conditioning system. 278

5 **“Audio”**

Select this button to operate the audio system. 163

Quick reference (“Destination” screen)

The “Destination” screen allows you to search for a destination. To display the “Destination” screen, push the **“MENU”** button and select **“Destination”**.


1 “Address”

A house number and the street address can be input by using the input keys. 69

2 “Point of Interest”

Select one of the many Points of Interest that have already been stored in the system’s database. 73

3 “Previous Destinations”

A destination can be selected from any of the last 100 previously set destinations and from the previous starting point. 79

4 “Del. Dest.”

Set destinations can be deleted. 85

5 “?”

Function help for the “Destination” screen can be viewed on this screen. 38

6 “Address Book”

The desired location can be selected from a registered entry in the “Address book”. (To register address book entries, see “(a) Registering address book entries” on page 123.) 80

7 “Emergency”

One of the four categories of emergency service points that are already stored in the system’s database can be selected. 80

8 "Intersection & Freeway"

The names of two intersecting streets or a freeway (interstate) entrance or exit can be entered. This is helpful if only the general vicinity, not the specific address, is known. 81

9 "Map"

A destination can be selected simply by selecting the location on the displayed map. 84

10 "Coordinates"

A destination can be set using latitudes and longitudes as coordinates. 85

11 Preset destination buttons

One of 5 preset destination points can be selected by selecting the screen directly. If a preset destination point has not been registered, a message will be displayed and the setting screen will automatically appear. To use this function, it is necessary to set the "preset destination". (To register a "Preset Destination", see "(a) Registering preset destinations" on page 120.) 68

12 "Go Home"

A personal home address can be selected without entering the address each time. If "Home" has not been registered, a message will be displayed and the setting screen will automatically appear. To use this function, it is necessary to set a "Home" address. (To register "Home", see "(a) Registering home" on page 117.)
. . . . 68

Quick reference (“Setup” screen)

The items shown on the “Setup” screen can be set. To display the “Setup” screen, push the **“MENU”** button and select **“Setup”**.

Setup
General
Clock
